

Immune-Rmor®

PRODUCT SUMMARY

Immune-Rmor (immune armor) is an immune system support and restoration formula that nourishes the spleen, lymph, pituitary, and thymus glands. A healthy immune system is able to distinguish between a healthy cell and tissue and unwanted invaders. It is our body's armor against unwanted bacteria, viruses, parasites, fungi, etc.

Our world, however, is filled with electromagnetic frequencies, chemicals and nutrient-depleted, highly addictive foods. These put our immune system under chronic stress. Symptoms and syndromes can occur: inflammation, aches and pains, coughs and colds, viral and bacterial infections, complex autoimmune disorders, etc. Immune-Rmor provides the immune system with nutritional resources so it can remain balanced under stress and battle invaders.

Immune-Rmor also supports restoration as the body releases old cells and produces new cells. The spleen is supported and resources are provided for manufacturing healthy red and white blood cells and platelets. These in turn support a healthy immune system, and the cycle continues.

KEEPING YOU HEALTHY WITH IMMUNE-RMOR®

- **Immune System**

Immune-Rmor supplies nutritional resources to the organs and glands (spleen, thymus, lymph, pituitary) that work together to battle the stress of EMF as well as viral, bacterial and other invaders.

- **Blood Manufacturing**

Healthy blood is important for a strong immune system. Immune-Rmor nourishes and restores the blood (blood platelets, red and white blood cells) with vitamins, minerals and enzymes by supporting the organs and structures that manufacture and restore blood.

- **Skin, Hair and Nails**

Healthy skin is the immune system's first line of defense. Immune-Rmor is a restoration formula for skin, hair and nails. It provides nutrients to replace cells, repair damage and maintain healthy, glowing and beautiful skin.

- **Living Life In Color**

Healthy blood provides the resources for the color and glow in skin, hair and nails. It also supports a color-filled outlook - the ability to see and sense beauty in spite of circumstances.

Immune-Rmor® Contains 90 Capsules

Immune-Rmor®

EXPERIENCE THE DIFFERENCE:

VerVita nutrition supports the body functioning as a whole; it nourishes and balances the energy flowing through every structure, organ, gland, and cell. A healthy rhythm and function are created as the formulas are designed to synergistically stimulate/relax and push/pull.

KEY INGREDIENTS OF IMMUNE-RMOR®

L-Lysine HCl enhances production of antibodies that fight viruses. **RNA** boosts immune function.

Enzymes: Bromelain and **Pancreatin** stimulate the body's production of cancer fighting compounds. They digest proteins and protein toxins and contain anti-inflammatory properties.

Glandulars: Beef extracts of spleen, thymus, lymph and pituitary replenish nutrients naturally produced in the human body. They promote vital immune function (producing and storing blood cells and T-cells) and control the release of the body's hormones that influence the immune system.

Herbs: Echinacea can stimulate the immune system and reduce inflammation. **Fennel** supports the spleen in producing red blood cells. **Rose hips** is a natural source of vitamin C and a powerful antioxidant. **Buckwheat**, (despite its name it is not a grass or wheat) works in the gut to detoxify. The seed of this fruit contains rutin, a powerful immune booster.

Beet Root detoxifies and contains vitamins and minerals that boost the immune system and fight inflammation.

Cranberry is an antioxidant, fights inflammation and contains antiseptic properties that reduces the risk of infection and can kill bacteria often found with UTI, bladder infections.

Vitamins: Thiamin, the "anti-stress" vitamin, and antioxidants **Vitamin C**, **Vitamin E**, and tocotrienols stimulate the immune system. Research shows **Beta-Carotene** reduces the risk of many cancers. This vitamin A precursor supports immune function of lymphocytes, monocytes, phagocytes, white blood cells, and spleen.

Minerals and trace elements: Copper, **Selenium**, and **Zinc** assist optimal immune function. They stimulate white blood cell antibody production and trigger a balanced immune response to stress.

Supplement Facts		
Serving Size: 3 capsules		
Servings per bottle: 30		
	Amount Per Serving	Daily Value
Vitamin A (as beta-carotene)	5000 IU	100%
Vitamin C (l-ascorbic acid)	250 mg	417%
Vitamin E (d-alpha-tocopheryl acid succinate)	30 IU	100%
Thiamin (vitamin B1)	30 mg	2000%
Riboflavin (vitamin B2)	3 mg	176%
Vitamin B6 (as pyridoxal-5-phosphate)	5 mg	250%
Zinc (as zinc gluconate)	15 mg	100%
Selenium (as amino acid chelate)	30 mcg	71%
Copper (as copper gluconate)	300 mcg	15%
Thymus (raw bovine tissue concentrate)	450 mg	*
Spleen (raw bovine tissue concentrate)	150 mg	*
Lymph (raw bovine tissue concentrate)	60 mg	*
Pituitary (raw bovine tissue concentrate)	15 mg	*
L-Lysine	250 mg	*
RNA	60 mg	*
Bromelain	50 mg	*
Pancreatin (porcine)	30 mg	*
Proprietary Blend.....770 mg		
echinacea purpurea extract (whole herb) 4:1*, polygonum fagopyrum (buckwheat) extract (leaf juice) 4:1*, rosa canina (rosehip) fruit (organic)*, foeniculum vulgare (fennel) seed*, beta vulgaris (beet) root (organic)*, vaccinium macrocarpon (cranberry) extract*, tocotrienols*		
*Daily Value not established.		

Other Ingredients:
gelatin (capsule), magnesium (as amino acid chelate)

CONTAINS METHYLATED (ACTIVE FORM) B VITAMINS FOR OPTIMAL METHYLATION

VERVITA PRODUCTS ARE FREE FROM:

GMOs, Soy, Gluten, Corn, Egg and Dairy, Fish, Crustaceans/Shellfish, Tree Nuts, Peanuts, MSG, Sugar and Sweeteners, Artificial Colors, Dicalcium Phosphate, Magnesium Stearate, Croscarmellose, Excipients/Synthetic Fillers and Flow Agents.
